Hands-On-Exercise Description:

In this Batch of WordPress course, we are embarking on the journey to create a fashion store through WordPress, catering to a diverse selection of men's and women's clothing. As part of our progress, we've already achieved key milestones such as installing WordPress with the Astra theme in our first Hands-on-Exercise and configuring the WooCommerce plugin, along with Astra starter sites and template imports in our second Hands-On-Exercise.

Problem statement:

According to the above Hands-On-Exercise description, to move forward in setting up our WordPress store, you are required to complete the following tasks:

Tasks:

1. Replace the logo image with a logo related to fashion according to your store name and share the screenshots in your solution file. (2 Marks)
2. Edit the Main Menu (Primary menu) of the store, and it should contain the following items: Share its screenshots in your solution file. (2 Marks)
 - New Arrival
 - Men
 - Women
 - Sale
 - About
 - Contact
3. Customize the homepage of the website, and it should contain a header with a banner or slider, a featured products section, and a special offer section. Hide or remove other sections and share the screenshots in your solution file. (2 Marks)
4. Create or edit an About Us page, and it should contain an area to write about the company, an area to display the image of the company, an area to display team members, and a vision and mission of the company then share the screenshots in your solution file. (2 Marks)
5. Create or edit a Contact Us page and it should contain an area to display contact numbers, email addresses, a company address or map, and a contact form and share the screenshots in your solution file. (2 marks)

Requirements:

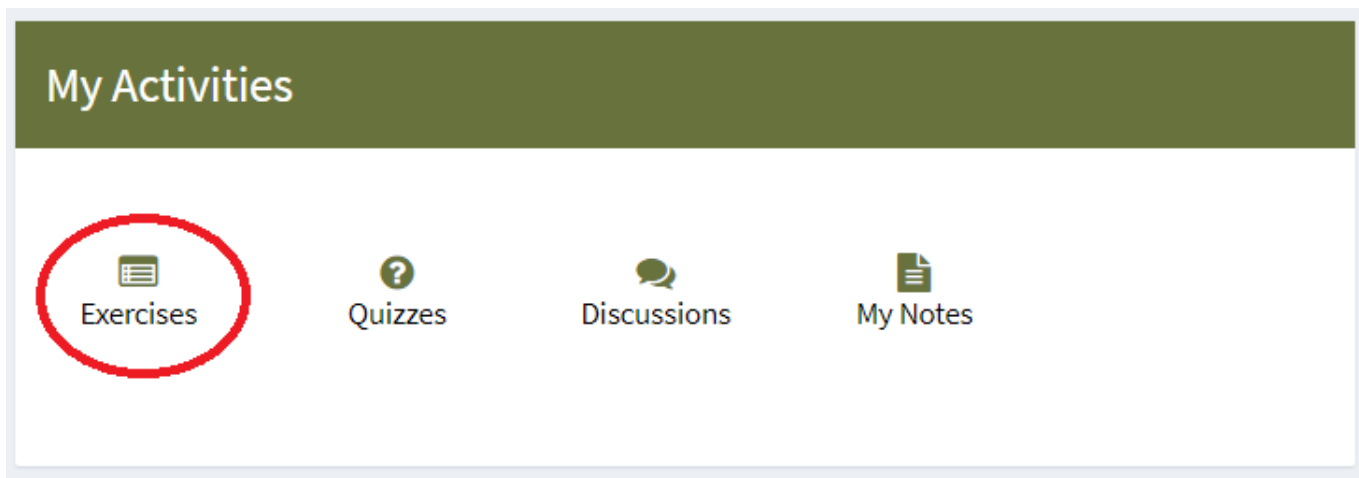

Screenshots of Task 1, 2, 3, 4 and 5.

BEST OF LUCK ☺
