Hands-On-Exercise Description:

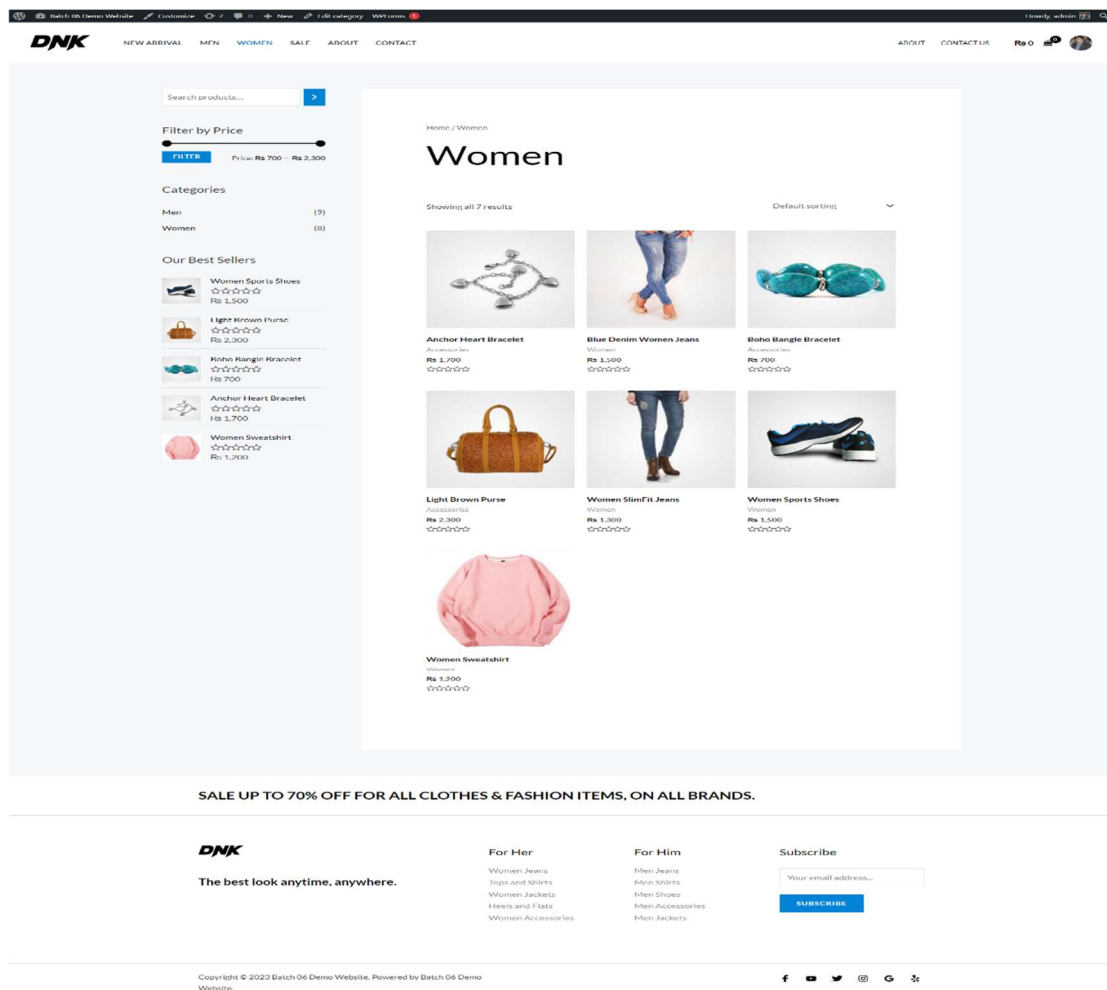

In this Batch of WordPress course, we are embarking on the journey to create a fashion store through WordPress, catering to a diverse selection of men's and women's clothing. As part of our progress, we've already achieved key milestones such as installing WordPress with the Astra theme in our first Hands-on-Exercise and configuring the WooCommerce plugin, along with Astra starter sites and template imports in our second Hands-On-Exercise. In the third Hands-On-Exercise, we have completed the tasks related to menu and pages.

Problem statement:

According to the above Hands-On-Exercise description you are required to solve the following tasks to complete this project:

Tasks:

1. Add eight product listings in the men category and eight in the women category. The product listing should be according to the Pakistani market. Share the screenshots of the task in your solution file. (2 Marks)
