

Hands-on Exercise No. 4
DigiSkills 2.0 Batch-06
WordPress

Total Marks: 10
Due Date: 11/01/2024

Instructions:

Please read the following instructions carefully before submitting this Hands-on Exercise:

- Use MS Word to prepare exercise solution.
- You may consult tutorials and videos if the concept is not clear.
- Your submitted exercise will not be considered/counted if:
 - It is submitted after due date.
 - It is not in the required format (.doc or .docx)
 - It does not open, or file is corrupt.
 - It is copied (partial or full) from any source (websites, forums, students, YouTube etc.).
 - Screenshots must be clear and readable.
 - Don't forget to add screenshots where necessary.

Learning Outcome:

After completing this exercise, you will learn:

- How to list a product.
- How to add featured products in your store.
- How to add different shipping classes.
- How to create or edit the pages in WordPress.

Hands-On-Exercise Description:

In this Batch of WordPress course, we are embarking on the journey to create a fashion store through WordPress, catering to a diverse selection of men's and women's clothing. As part of our progress, we've already achieved key milestones such as installing WordPress with the Astra theme in our first Hands-on-Exercise and configuring the WooCommerce plugin, along with Astra starter sites and template imports in our second Hands-On-Exercise. In the third Hands-On-Exercise, we have completed the tasks related to menu and pages.

Problem statement:

According to the above Hands-On-Exercise description you are required to solve the following tasks to complete this project:

Tasks:

1. Add eight product listings in the men category and eight in the women category. The product listing should be according to the Pakistani market. Share the screenshots of the task in your solution file. (2 Marks)
2. Show newly added products as featured products, and they must also be visible on the new arrival page. Share the screenshots of the task in your solution file. (2 Marks)
3. Create shipping classes and assign them to products. Share the screenshots of the task in your solution file. (2 Marks)
4. Create a Cash on Delivery (COD) payment method and assign a flat rate of Rs. 300 as delivery charges. Set free delivery at the minimum order price of Rs. 1000. Share the screenshots of the task in your solution file. (2 Marks)
5. Create a store **terms and conditions** page and **write dummy terms and conditions** on it, which can be updated later; finally, link these pages in the footer section. Share the screenshots of the task in your solution file. (2 Marks)

Requirements:

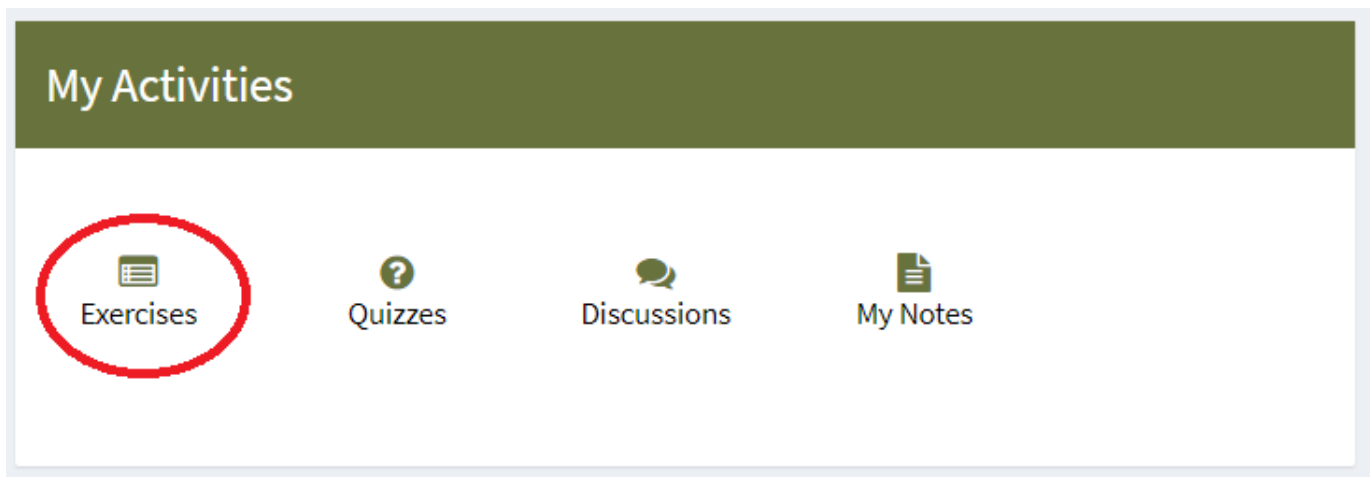

Screenshots of Task 1, 2, 3, 4 and 5.

BEST OF LUCK ☺

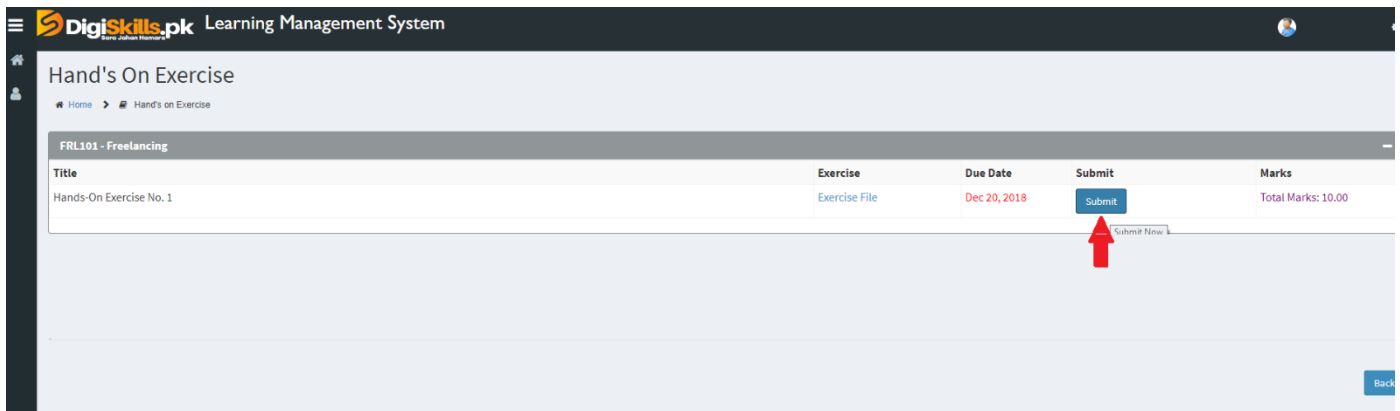

How to submit solution file on LMS?

Please perform the following steps for submitting your solution using LMS:

- 1) Login to the LMS
- 2) Click on the **Exercises** button within the **My Activities** section

- 3) Click on the submit button to upload your Solution.

- 4) Keep in mind to upload your Solution in .doc or .docx format
